

## Growing to meet your needs

Four Mile Nursery is a family owned century farm located between Portland and Salem, at Canby, Oregon.

Blessed with some of the finest soil in the Willamette Valley and combined with excellent growing conditions, enables us to grow some of the finest clonal fruit tree rootstocks available.

We are committed to first class customer service - from discussing availability and the variety right for your needs - to ordering and shipping.

### Oregon Certified Rootstock

Our rootstocks are virus indexed and certified by the Oregon Department of Agriculture.

### Orders

We make every effort to provide the size that you ordered, however, sometimes it is necessary to substitute one size smaller or larger. If you require a specific size, please let us know at the time of order.

### Shipping

All shipments are F.O.B. Four Mile Nursery, Canby, Oregon. Orders sent UPS or Fed Ex will have a freight charge added to the invoice.
